Wilmington College Strategic Planning Process 2020

Wilmington College has kicked off a strategic planning process that will gather input and create a roadmap for the College that will lead up to 150th anniversary of the institution in 2020.

The Strategic Planning Steering Committee members are busy collecting input both on and off campus. The committee is taking the time needed to gain the most detailed and insightful information we can. We need you to be a part of the process and provide feedback for the committee. The strategic plan for 2020 is intended to be a living document that will guide our actions and be measured on an annual basis. It is our roadmap for the next five years.

If you would like to stay up to date on the progress of the plan and/or provide feedback, please visit our webpage at www.wilmington.edu/strategic-planning. You can also provide feedback by sending an email to strategicplanning@wilmington.edu.

We appreciate your input into this important plan for Wilmington College.

The Strategic Planning Steering Committee Members include:

- Jim Reynolds, President, Co-Chair, Strategic Planning Committee
- Bob Touchton, Chairman Board of Trustees, Co-Chair, Strategic Planning Committee
- Monte Anderson, Professor of Agriculture
- Katie Bontrager, Director, Institutional Effectiveness
- Trip Breen, Aquatics Director and Head Coach Swimming
- Erika Goodwin, Vice President, Academic Affairs
- Terry Johnson, Director, Physical Plant
- Chip Murdock, Director, Multicultural Affairs
- Patricia Thomas, Presiding Clerk, Wilmington Yearly Meeting
